

Howdy all,

Every new beginning comes in with positivity and full faith. When we began the year with celebrations we knew it will be a good start, with a lot of happiness and positivity to begin with. We started the year with good and joyful memories, along with some employee engagement activities planned this year, apart from the current trend of new client acquisitions.

So, let's rock this year and make 2k18 a more memorable one to look forward too!

Potluck

Having lunch together, enjoying the food with light music... how nice it will be??

Amazing right?? Yes, that's how we enjoyed!!
Yes, we had delicious Potluck on Thursday, 23rd Feb'18. Get-together lunch at office!!

Yes, you have the power to do it!

One day two friends were playing near a well. One of them was 7 and the other was 8 years old. Suddenly, the older kid fell into the well. The other kid started to panic, wondering what can he do on his own to save the drowning friend. However, at such time of tension, he gathered himself up and looked for different ways he can pull the boy out. He then threw the bucket that was tied a thick rope into the well and pulled out his friend all by himself. Although the kid who fell into the well was in shock and could barely breath, he thanked his friend for saving his life.

The most important question here is that, 'From where did the 7 year old boy got the courage to save his friend life in such critical situation?'

A very apt answer is that, 'The only reason the young kid could exhibit such valour was that no one was around him to tell him that he can't do it, to discourage him.'

Remember that, "We all have the power to do, but all it takes us is to know that we can."
